### SERIOUS FIGHT, FLANDERS

### FARMERS OBJECT TO THE LIQUOR TRAFFIC

### Bay Lake Rural Progressive Club Charges That a Serious Condition Exists on Bay Lake Road

### Club Adopts Resolution to Return to War Service Any Man Who Improperly Secures Discharge

(By H. E. Kneiff, Secretary)

The Bay Lake Rural Progressive club held its regular monthly meeting on Saturday, April 20. There was a good attendance considering how busy the farmers are at this time in seeding and with other spring work.

A conservation dinner was served under the direction of the refreshment committee Mrs. Max Ruttger, Mrs. Harry Fuller and Miss Hattie Reiley. These conservation dinners are in order at all gatherings but the one served at this time is to be especially commended from the fact that they followed the food administration's requests in the minutest details and at the same time was most wholesome and palatable.

Crop production and farm crops to raise the coming year which will meet the requirements of the government and also meet the home needs were considered and the sentiment was general that all should do their utmost to produce bumper crops of wheat, beans, corn, potatoes and Canada peas.

The president, A. C. Christenson, brought out the facts that a serious condition existed and had existed for more than a year in the travel by a lawless element over the Deerwood-Bay Lake road. This travel is a menace and at times it is dangerous for people to try to travel this road. Such conditions exist especially on Sunday afternoons and nights when this lawless element is going to and from the range towns and the Mille Lacs country where the whiskey crowd seem to be able to carry on their nefarious business without serious disturbance. Cars are driven over the road at a furious pace and the nights are made hideous by the yelling and hooting of these drunken travelers. Frequently cars are stranded along the road where drunken occupants can be found in the morning in a maudlin condition. A couple days ago Davis Archibald was run into and a wheel taken off his car after he had given all the road possible. This crowd had a bag containing beer and whiskey which one of the occupants hurriedly took into the woods and hid but which was found later.

In discussing this state of affairs the sentiment was general that there must be some way whereby this nuisance can be abated in a lawful way by the proper officials and as a club we feel that we are law abiding citizens and the time has come when we are justified in asking for energetic action by those in authority.

The following resolution was offered and after a general discussion was adopted by a rising vote of every person present:

"We, the Bay Lake Rural Progressive club believe that it is grave wrong and a great injustice to others to have any individual who has been called by selective draft to do military service for the United States who by his own efforts or the efforts and assistance of others secures his release or discharge from such service and we hereby pledge ourselves individually and collectively to use every honorable and legitimate effort to have any such individual in

#### FREDERICK BURLINGHAM

Well known explorer coming home from Swiss Alps.

Frederick Burlingham, the noted American explorer, who is on his way to this country after several months of exploration among the Swiss Alps. His whole party narrowly escaped death by the breaking of the ice cornice while ascending Mount Blimisalp. Mr. Burlingham is best known for his descent of 1,200 feet into the crater of Vesuvius while it was active. While in Switzerland he visited almost inaccessible valleys where the peasants live in the most primitive way and many of them had never heard a word about the war.

our home town who has secured his release or discharge for any cause except actual physical disability to have such individual returned and to remain in the service to the end of the war or until honorably discharged."

Federal officers when interviewed in Brainerd, state they have spent night after night on the Bay Lake road in search of offenders of liquor laws. The Mille Lacs-Bay Lake road has been patrolled and it is believed the illegal carrying of liquor has been reduced to a minimum. Two blockade runners were recently captured, their whiskey and car seized and the men were bound over to the federal court.

### Prosperous Farmer Shoots Wife, Son, and Makes Escape

(By United Press)

Rochester, April 26—Thomas Armstrong, a prosperous farmer living five miles south of here, shot and instantly killed his wife and fatally wounded his 13-year old step-son at his home. Armstrong then escaped, the local company of home guards are searching the woods for him.

### French Surrounded on Mount Kemmel

(By United Press)

With the British in Flanders, April 26—The French are entirely surrounded on Mount Kemmel. After eight hours' fight of the most violent nature yesterday the Germans finally wedged their way between the French and British flanks and crossed the Kemmel-Ypres road where the terrific allies' fire held them for two hours when they turned south pouring down the valley to the west of Kemmel hill thereby surrounding the French who were fighting at the top of the hill.

Not Official

London, April 26—Later information is that the Germans occupied Mount Kemmel but the information is not official, however.

### German Forces Gain a Footing Mount Kemmel

(By United Press)

London, April 26—German forces obtained a footing at Mt. Kemmel, one of the important heights at Flanders following an all day's battle on the ten mile front. Gen. Haig reported successful minor operations west of Merville resulted in the capture of 50 enemy prisoners and three machine guns. From Lys to Givency hostile artillery fighting continued.

Battle for Heights

Berlin, April 26—An official bulletin says that Von Hindenburg's army is engaged in a battle for Kemmel heights.

### How Germans Will Go Through Switzerland

Will Irwin, the well-known war correspondent, just back from France, Italy and Switzerland, feels the Germans will try to invade France through Switzerland. This has been considered a possibility since the beginning of the war. The course of invasion is indicated on the map by the crossed lines of railways. There are three lines of railroads in Germany beginning at Strasbourg, Freiburg and Stuttgart, which connect with Swiss lines that run on to the

Saturday will be observed in Brainerd as "Liberty Day" and in accordance with the proclamation of Mayor R. A. Beise, every home is expected to display the national colors and business places are urged to decorate with bunting and flags, as is the custom everywhere.

The Brainerd band will be out during the noon hour and will give a program of patriotic airs at the depot to cheer boys who leave for the front. A number of soldiers will be in from other points on the early afternoon trains and it is expected that a large number of people from outside towns will be here to see the soldiers off and wish them God speed and a safe return.

A writer in a Duluth paper recently aptly called attention to the fact that it should not be a day of gloom when these young men leave for the front but rather that cities and towns should put on gala day appearance, display flags and enter into the spirit of the occasion. These young men are leaving to do their part for the nation and it is considered a privilege to be called to the colors at this time. Those who are left behind have their part to do and while it is but natural that there is sadness in the homes from which the boys go, on the other hand there should be a special pride in these same homes to feel that their loved ones are responding to a call from the nation in a cause so glorious and just.

"I sincerely hope that Brainerd people will decorate their homes and places of business in an elaborate manner tomorrow," Mayor R. A. Beise said to the Dispatch today. "The occasion has a double import for it is our observance of Liberty Day, and again it is our homage and pride we are paying to these boys who go to represent us on the front."

A number of business men have already indicated that they will close their places of business between the hours of 11 A. M. and 2 P. M. and it is hoped that this will be the general custom.

The idea of giving the boys a banquet was considered but it is the general sentiment that they prefer to eat with their relatives on this day of their departure and the idea has been abandoned.

The Chamber of Commerce rooms are open to them today and in the evening and open house will also be

### BOYS EMULATE ELGIN JUMP

Boys of the city have emulated the jump made by the Elgin automobile. Thursday evening somebody's cellar door was appropriated and dozens of bricks borrowed and the kids built an incline on South Seventh street.

Rushing their wheels down the street they took the "jump off". No accidents were recorded.

Stanley (Porkey) Quinn jumped 15 feet and later made the record, 20 feet, in a flying leap with his bicycle.

Robert Hargrove jumped 15 feet. Glenn Snell attained the 12 foot mark.

Walter Brick made 10 feet.

observed there tomorrow. Visitors from outside and especially the soldiers are invited to make use of the rooms and the courtesies of the club are theirs. Let everyone decorate tomorrow, put on a glad front and aid in cheering the boys who leave for the front.

### Flanders Battle Takes Ascendancy Severe Fighting

(By United Press)

The battle in Flanders has again taken the ascendancy and severe infantry and artillery fighting is progressing practically all along the whole northern battle area. Operations on the British front in Picardy is limited to local actions and cannonading. If the enemy becomes established on Mount Kemmel the British must defend Ypres from the south on a low flat terrain.

### Zeebrugge Mole Bombarded While Kaiser Inspects

(By United Press)

Copenhagen, April 26—British air men bombed Zeebrugge mole while the Kaiser was inspecting the results of the recent naval raid there. German newspapers say that the Kaiser remained on the mole and completed the inspection despite the bombardment.

### Foe Outnumber the Allies and America Must Make Haste

(By United Press)

Washington, April 26—French High Commissioner Debilly, sent with a general who were on the west front to the United States, on a war mission in an interview said that "America must expect a long and bitter struggle on the west front, today the foe outnumbers the allies and America must make haste."

### More Danger at North-West Fronts Than at Amiens

(By United Press)

Washington, April 26—Military men think the north and west battle fronts present more danger than Amiens where reinforcements are apparently sufficient.

### American Aviators Down Many Planes

(By United Press)

Washington, April 26—Unofficial reports indicate that the American aviators in France have downed 339 enemy planes since the entry of the United States into the war up to March 8.

### BRAINERD GAS CO. STARTS ON NEW UNIT

### Engineer H. S. Boyd, of Newton, Iowa, in Charge of Installation of the Gas Machinery

### Local Men Putting in Foundation, Expected to Complete Installation Within Six Weeks

The Brainerd Gas & Electric Co., of which A. G. Whitney of St. Cloud is the head, has commenced the work of installing an additional unit in Brainerd which will cost \$10,000 and will do away with any possible interruptions in service.

H. S. Boyd, engineer of the gas company, arrived today from Newton, Iowa, to superintend the work of installation. A foundation is to be built for the machinery and six local men were put to work.

On the way to Brainerd Mr. Newton stopped at Minneapolis and was given every assurance by manufacturers and agents that the gas machinery would be promptly shipped to Brainerd, thus doing away with any delays. It is expected to complete the work in six weeks.

Gen. Sir Henry Rawlinson has been put in command of the British Fifth army in place of Gen. Sir Hugh Gough because of the setback suffered in the fighting near St. Quentin.

### Governor Will Not Permit Boxing Bout of Willard-Fulton

(By United Press)

St. Paul, April 26—The United Press learns from a high confidential source that Gov. Burnquist will not permit the Willard-Fulton bout on July 4th, even in boxing. Might permit at some other date.

### Telegraphers Not Likely to Call a Strike

(By United Press)

Chicago, April 26—President Kennepack, of the commercial telegraphers union, said the commercial telegraphers over the entire nation were not likely to call a strike next week if the companies patriotically comply with the administration's announced policy toward their union.

### Archbishop Ireland Merely Fatigued by Trip From Florida

(By United Press)

St. Paul, April 26—Despite the persistent reports that Archbishop Ireland had suffered a relapse and that his condition was serious Father Thomas Welch, his secretary, has issued a statement saying that the archbishop had not suffered a relapse but was merely fatigued from traveling from Florida, that his condition is now better than on his arrival home and that he sits up each day and studies.

### Mt. Stromboli is in Eruption

Rome, April 26—Mount Stromboli is again erupting the falling lava setting fire to the vineyards and it is believed that some lives have been lost.

### French General Will Decorate American Regiment With Cross

(By United Press)

With American Army in Lorraine, April 26—A French general will decorate the colors of the American regiment that defeated the five day attack by picked German troops northwest of Toul two weeks ago with Croix de Guerre. On Sunday the individual members of the regiment will also be decorated which is the first time that an American regiment as a unit has received a war cross.

### Polish Citizens Refused Service

(By United Press)

Moscow, April 26—The Germans are steadily withdrawing their troops and sending them to France. The Polish citizens have refused service against the allies.

## MAY ORGANIZE ANOTHER LEAGUE

Red Cross League in Melrose, Albany, Foley, Princeton, Sauk Rapids and St. Cloud

## MODELED ON BRAINERD LINES

"League in District North Has Been so Filled up all Opposition Has Vanished"

(St. Cloud Times)

A Red Cross baseball league will be organized in this vicinity in the near future. Sauk Rapids fans are now trying to arouse a little enthusiasm in towns such as Melrose, Albany, Foley, Princeton, Sauk Rapids and St. Cloud. The league will probably be a six or eight team affair.

The league in the district north of here has been filled up so all opposition vanished. A new league would have advantages over that league in that the towns are nearer together and the traveling expenses would be smaller. If the new league is run on the same principle as the other league the traveling will be done in cars donated by the fans and the entire proceeds will be turned over to the Red Cross society.

Sauk Rapids reports that only fair material is on hand for a team there and St. Cloud is no better situated. The baseball spirit has died out here and few good players are left. Gallagher, Prem, Baldwin, Hollander and Carlson are a few of the old men who are mentioned for berths on the Red Cross team.

A meeting will probably be held in the near future at which more definite plans will be formed.

(At a meeting of the St. Cloud Red Cross Chapter committee held on Saturday, it was unanimously voted not to accept a proposition from Long Prairie to associate the Red Cross in any way with a baseball league.)

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and setting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sticky complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

## Halt the Hun

"No mercy will be shown! No prisoners will be taken! As the Huns, under King Attila, made a name for themselves, may the name of German be so fixed by your deeds, that no one shall ever again dare even to look at a German askance."

These are the Kaiser's own words, when on July 27, 1910, he bade farewell to his soldiers.

In the name of countless women and children who have been butchered or have met worse than death—Halt the Hun!

## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

### FAIR FOOD PRICE COMMITTEE

The Fair Food Price committees established by the State Food Administration in various Minnesota cities, have to deal daily with the publication in the newspapers of a list of what they deem fair prices on various commodities that enter into the daily purchases of the citizens of the communities which they represent. Undoubtedly, because price-listing and price-fixing are so closely associated in the regular trade channels, there has arisen a great deal of misunderstanding as to the functions and the powers of the fair food price committees of the state. The gratuitous service which the members of the committees have given to the food cause in thus aiding consumer and retailer alike to secure food commodities at fair prices has brought to them much unjust criticism almost entirely from those people to whom their efforts have been most beneficial.

The Food Administration deems it advisable, therefore, to make known some of the fundamental purposes of these committees, together with their principal powers and functions.

It might be well to state first that the fair food price committees have no power whatever to fix prices on any commodity, nor to compel a wholesaler or retailer to dispose of any commodity at a price the committee may decide upon.

Through the government's licensing of wholesale dealers in food products and monthly sworn statements of business transactions required from these licensed wholesalers, it is possible for the committee to know at what price their stocks should be delivered to retailers. This forms the basis of the price list and the prices thus obtained are shown in the first column of each list under the heading "What the Retailer Should Pay."

To these prices they add what they consider a fair margin for handling each commodity, taking into consideration the variable possible loss according to the nature of the commodity, and this establishes the price which they consider fair to consumer and retailer that appears in the second column under "What the Consumer Should Pay."

Further than this the duty of the committee is to secure for the list the best possible circulation through publication in the newspapers of the city. Here its duties end.

It is obvious, therefore, that the committee can not prevent the retailer from selling either above or below the list price, but can simply ascertain and tell the consumer what the fair price is and it remains for the consumer to use his judgment in patronizing those whose prices are fair as shown by the list.

Retailers may in individual cases for advertising purposes quote prices on particular commodities that are below the fair price list, or their price may exceed the fair price list on particular commodities where they perform some special service not taken into consideration in making up the list, in which the price is based on the handling of products in the ordinary way.

The purpose of the committee, therefore, resolves itself into protecting the public against profiteering on food essentials through publicity, and the success in every community will be measured only by the extent to which the consumers of that community avail themselves of the information given out, and the cooperation they give the work by using that information properly.

It quite frequently occurs that we accept the favors that come to us with a lack of appreciation. Such, in many instances, may be the case as concerns the fair food price committees. There is every evidence that they have almost universally accomplished their purpose and there are many indications that were it not for the service they perform price conditions would be much more serious than they are.

Yours very truly,  
A. D. WILSON,  
Federal Food Administrator  
for Minnesota.

### Patriotic Address

Mrs. Wm. N. Parrish, a national field worker for the Woman's Home Missionary society, will deliver a patriotic address on Sunday evening at the Methodist church. A general invitation is extended.

### Theatre Party

Miss Margaret Webb, before returning to St. Mary's hall, was given a luncheon by girl friends and a theatre party at the Best.

### PLENTY TICKETS FOR "MR. BOB"

"Mr. Bob," high school play, will be given at the high school auditorium this evening. Contrary to some reports circulated, the house is not entirely sold out. Good seats may still be secured and bought at the door or bought from high school and school children about the city.

The general admission is 35 cents. There are no reserved seats.

DR. THOMAS MCCLARY

Dr. Thomas McClary of Los Angeles, Cal., who is to lecture this evening at the Methodist church, arrived this noon on the Duluth train from Aitkin where he addressed a large audience last night.

Dr. McClary will this evening deliver his patriotic lecture on "Our Country." He is one possessed of native Irish wit and is capable of convincing his audience with laughter and tears. Do not fail to hear him.

### Clyde Parker Entertains

Clyde E. Parker, who leaves on Saturday with the Crow Wing county contingent for Camp Dodge, Igwa, entertained a party of friends Wednesday evening at his home, 629 North Fourth street. The guests included F. E. Stout, Mal D. Clark, Dr. H. G. Ingerson, Mayor R. A. Belse, William V. Turcotte, Frank G. Hall, Judge Walter F. Wieland, F. S. Workman, City Engineer Robert S. Campbell and James H. Murphy. Mr. Parker has been designated captain of the Brainerd squad leaving Saturday.

### Card Party

The card party given by the Ladies' Guild of St. Paul's Episcopal church, on Wednesday evening, at the home of the president, Mrs. James R. Smith, 423 Broadway North, was well attended. "500" was played and prizes were taken by Mrs. W. C. Cobb, Mrs. J. T. Sanborn and Dr. K. H. Hoorn. A dainty luncheon was served. The net receipts were \$12.75.

### Presbyterian Sale and Supper

The Presbyterian Ladies' Aid will give a supper and sale at Odd Fellows hall on Tuesday evening, April 30.

### SUBMARINES ARE BLOCKED

Effective Work is Done in Raid on Zebrugge.

London, April 26.—The Associated Press learns from a high naval source that the operations at Zebrugge were a complete success, with the result that the Flanders flotilla now will be obliged to resort to the Ostend route in putting to sea, from which the British forces can more easily handle the German ships.

The blocking up of the channel must result in the speedy "sitting up" of the waterway and it will take at least several weeks to clear the passage.

Kuehlman Attacked, Paper Sued.

London, April 26.—Count von Hertling, the Imperial German chancellor, according to an Exchange Telegraph dispatch, is officially reported to have brought suit against the Deutsche Zeitung of Berlin for an article in which Dr. von Kuehlmann, and Count Czernin, the former Austrian foreign secretary, were attacked. The newspaper asserted that the two statesmen during the negotiations at Bucharest, acted in a manner which abased their countries.

## AMUSEMENTS

### Edith Storey at the Best Tonight.

Edith Storey, the star of the Metro picture, "The Eyes of Mystery," which will be the attraction at the Best theatre today, delights in playing athletic roles on the screen.

"I feel that my role of Carmichael in 'The Eyes of Mystery' is very well suited to me," said Miss Storey in an interview. "I just love the type or role that gives me opportunities to wear 'sport' clothes and to be a real red-blooded athletic girl who rides, swims and shoots. I love the great outdoors which develops the girl of individuality and 'go-to-it-ive-ness.'"

In this new photoplay, Miss Storey is able to do all the athletic stunts which she enjoys. She makes a thrilling escape on horse-back, and being pursued by a man in a row boat when she rides across a stream, she has a terrific struggle in mid-stream with her pursuer. In other scenes she shows her ability with a gun when, with the aid of a few men, she defends the historic "House in the Mist" from a host of half-crazed Virginia mountaineers. "The Eyes of Mystery" is replete with thrills.

### At the Best Tomorrow

A powerful story of international intrigue and romance, built up to a striking dramatic climax, is unfolded in William Fox's absorbing screen melodrama, "The Moral Law," which comes to the Best theatre Saturday. Gladys Brockwell, the brilliant emotional artist, is the star of the production and gives a remarkable characterization in the dual role she plays.

Miss Brockwell is first seen as Isabel de Costa, daughter of an importer of South American merchandise. Until her father's death, she does not know that her father's wife and daughter are still living in one of the Latin republics. The will describes these two women as deserving of no consideration because of their debased natures. Isabel determines, however, to seek them out and to divide her fortune with them if they will but change their mode of life.

She goes to South America and finds that the woman is known as Jezebel (Rosita Marstini), one of the notorious characters in the local "red light" district. Her daughter, Anita, (also played by Gladys Brockwell), enjoys a similar notoriety. Isabel's adventures in the rendezvous and the efforts of Anita to discredit Isabel with the latter's sweetheart, Robert Grant (Colin Chase), with Don Pedro (Bertram Grassby) and Umberto (Joseph Singleton), as tools, make the action as rapid as it is interesting.

### Dougherty Stock Co.

The Dougherty Circuit Stock company of ten people which opens a series of engagements at the Park opera house Tuesday, will be remembered by many people, as they played one solid week here to capacity business on their first trip through Minnesota in 1917.

Many efforts were made to induce them to return, but as they were booked solid through the south and east for several years, an engagement here was impossible. They now promise a better company than ever at reduced prices.

The papers in the towns which they have been playing for the past year are unanimous in expressing regrets at the announcement of the closing performance.

## DIG UP FOR OUR BOYS

A. Gilbertson, who has been in Chicago the past five months on car inspection work for the Northern Pacific, said Chicago was most enthusiastic in its Liberty Loan campaign. The article by Billy Sunday was most direct in its appeal to the people. It follows:

Some old geezers are strong on prayers for "the brave boys in the trenches and on our battleships" but their names haven't appeared on any Liberty Bond subscription list yet. Prayers of that kind don't get as high as the gas jet. The country is full of rocking chair patriots who loaf around and talk loud and tell the boys they ought to go over and fight, while they sit around and argue and tell how Pershing, Haig and Petain and Foch ought to do this and that and the other, but you try and get them to dig up some coin to help feed and care for the boys who are doing the fighting, and you'd think they were handcuffed, they can't get their hands into their pockets. A lot of fellows are saying these days "Well, I'm too old to go." "I'm above draft age." "I wish I could get into it." You can get into it. Every man of you can get into it. You can do your bit right here. You can help feed and equip, and arm the boys who have gone over and are going over to fight for you. Put every dollar you can rake and scrape into Liberty Bonds to help the boys win this war. There's coming a day when this war will be over. There's coming a day when our brave boys who won this war will march with the victorious Britishers and Frenchmen and Italians and Belgians down the Unter den Linden singing Yankee Doodle and Dixie and they'll stack their arms in the Kaiser's front yard and turn Pots-

dam palace into a barracks for American troops. There's coming a day when the American boys who won this war will come home, and if you have any imagination or vision, try and imagine how the United States will go wild with joy when that time comes. When the boys come back home, all the bells will ring, and all the flags on earth will wave, and all the bands will play, and all the horns will toot, and all the drums will throb and all the air will vibrate with wild delicious joy. The greatest heroes who ever lived will be the boys in khaki and navy blue with the Kaiser's scalp at their belts. Will you be able to say "I helped." Will you be able to fish out a big bunch of Liberty Bonds and say: "I helped till it hurt." In that day will you be able to stand on the curbing as the long lines march past and throw your hat in the air and say: "I dug up the last dollar to keep those boys in the front lines over there." Or will you have to slink away and hide and hide up some alley and out of home and hide your cowardly carcass? The boys who are fighting our war, and the men and women who are paying their way while they are doing it, are together saving the world for Liberty and Justice. And when the war is over the boys who fought and the men and women who kept them at the front are going to run this country. Why, they are going to elect the next five or six presidents of this country. For twenty years they will elect every president and senator and congressman and governor and legislator and sheriff and mayor and alderman. The men who saved this country are going to fill every office from justice of the peace to president. And where will you be then if you are a shirker now? You won't be able to dodge behind the excuse that you were too old, or too near sighted, or the head of a family, or knock-kneed, or flat-footed, spavined or got the string-halt. If you can't fight you can do the next best thing—dig up for the boys who are fighting. Life in America won't be worth living for the man or woman who didn't.

The Long Prairie Leader says: "Lindbergh's political advertising omits all reference to the fact that he is the Non Partisan League candidate for governor. He is circulating a good deal of advertising and there is not one word in it anywhere that says he is the League's candidate. His advertising says he is the candidate of 'the organized farmers and labor for the republican nomination.' Is Mr. Lindbergh trying to deceive the people or is he ashamed of the League? Mr. Lindbergh is the candidate of the Non Partisan League and of nothing else. He was brought out by the League, nominated by the League and is backed by the League. Ask your League neighbor what he thinks of a candidate who is willing to take League support but who is ashamed to have any one know about it.

The Bemidji Pioneer says that it was after killing a child, and knocking down and injuring pedestrians on crossings, street car patrons entering and alighting, by children drivers and hair brained auto owners and chauffeurs that the St. Paul police force was instructed to enforce the traffic laws to the letter and the result has been wholesale arrests, including several prominent citizens, some of whom were fined and others sent to the workhouse, the seriousness of the offense being taken into consideration, and suggests that smaller places than St. Paul take heed.

The effect of war gardens in providing food, saving labor and relieving the railroads cannot be overestimated. Three of the important factors in this war are food, labor and transportation. The war garden helps solve all three. Dr. Alonzo E. Taylor of the national food administration, speaking from accurate knowledge declares: "It is no exag-

geration to say that the war gardens in Europe have in the case of Germany, for instance, pulled her through two summers and that she probably would not have been able to pull through if it had not been for her war gardens. In the largest cities of Germany, as much as 25 to 30 per cent of the food consumption of these people during those months was fresh vegetables, largely relieving the cereal situation."

The men who are staging a prize fight in St. Paul, or attempting to, should remember that fighting men are needed at the front.

**The High Cost of Living**  
 Going back to 1914 and putting the purchasing power of a dollar at 100 per cent on the day the war broke out, its value is just a little more than 56 per cent. These calculations are based on a study of fifty articles of food of various kinds. If sugar was included among the fifty articles the showing would be even worse; and yet it would be easy to include articles of clothing and household use to add further to the high price and the gloom.

There is no question in any sane man's mind but that the increased cost of living warrants at the present time, some relief in the readjustment of the wage scale.

The latest statistics on the cost of living, issued by the bureau of labor under date of Feb. 28th, notes that from January, 1917 to 1918, potatoes alone declined in price being 26 per cent cheaper, but that corn-meal advanced 87 per cent, bacon 64 per cent, lard 52 per cent, milk 39 per cent, hens 29 per cent, butter 27 per cent, eggs 23 per cent, sugar 18 per cent and flour 31 per cent, wood for fuel purposes has advanced in this locality 44 per cent and coal 27 per cent this in one year.

But despite these figures and the self-evident fact that our present wage scale has not kept pace with the increased cost of living, we all desire to see the business industries of this country thrive and prosper, but we know that since industry was the present form of capitalism control it is in the hands of the employer. He must share responsibility for whatever conditions arise. Upon him, also, rests the chief responsibility of finding a solution, not the men working for him as was and is intimidated by some of our large manufacturers. That solution will not come if he acts selfishly.

He must seek the common good. He must labor to establish industry upon the same wholesome and just foundation and he must co-operate with those who are working to these ends. He must consider himself not merely engaged in business for individual profit, but as a trustee for the beneficial use of force of production that he controls.

The making of large profits for the employer can no longer be considered the sole test of business success. Industry has not performed its functions unless it brings betterment of conditions and increased comforts to the workers as well as to the owner and unless its product is made available to the general public at prices as low as possible through efficiency of industrial production.

The broad view by the employer as a working principle in his own business and in his associations with other employees is not altruism but is being found to be sound constructive business philosophy.

The "dollar patriots" are making a great howl about the stand organized labor is taking during this time of stress and danger that our country is passing through. They lift their hands in holy horror at the way the workers are getting. If the workers should ask for a small pinch of the immense profit that is being made in war industries, and the profiteers refuse to give it, and the men resort to a strike, they are branded as pro-German or any other names that the "dollar patriots" see fit to call them.

Through the narrow slits that serve them for eyes all they can see is "3's" and any attempt on the part of the workers to slice a small piece from almighty dollars, brands them as traitors.

The union or organized labor was always ready and willing to arbitrate but the employer always says there is nothing to arbitrate.

Now the cost of living has reached the very peak. Twenty-eight articles listed in Bradstreet's monthly price table advanced during January only 16 declined, and 46 remained stationary, the net result being an increase of 3-10 of one per cent in Bradstreet's index number. From July 1914 to July 1917, the prices of 100 articles raised in price 128 per cent and these articles are used daily by the housewife.

The organized laborer or union workman which is both skilled labor and unskilled labor for the first two issues of Liberty Loan Bonds subscribed and took over 63 per cent of the bonds and furnished 71 per cent of the young men for the army, and still Colliers magazine and others cry lookout for union labor and their cry for higher wages.

Now in conclusion, please remember that all things come to those who wait and in this time the demand is greater than the supply and supply and demand is what causes such rapid and great changes. Remember, to live and let live is the correct way in this world.

Respectfully,  
CHAS. S. HAZEN.

Details of Recent Fighting Near Seicheprey Show That Yankees Were Outnumbered in Some Instances About Eight to One.

Paris, April 26.—From units engaged in fighting side by side with French and British troops in stemming the German advance, American soldiers wounded in the great battle now being waged, are arriving at the rear. American wounded and sick to the number of 128 have reached Hospital 2.

Hospital 25 is one of the new institutions established behind the line as it stood after the Allies stopped the recent German drive in Picardy. Few of the Americans remained at the hospital very long, being taken further to the rear.

Sixteen girl students from Smith college are working in day and night shifts at this point, and are operating a well-arranged canteen at the railroad station for the soldiers coming through on the hospital trains.

## Eight Germans to One Yankee.

With the American Army in France, April 26.—Further details received April 27.—Further details received at headquarters of the engagement around Seicheprey show that the American troops were outnumbered in some instances eight to one.

More of the American wounded have been found, one of whom was buried alive for three days and had been trampled over by the enemy when he had crawled to the surface in the belief that he was dead. The American casualties are considerably less than the first estimates.

## Foe Artillery Fire Increases.

German artillery fire is increasing in the American sectors in this region.

Reports show that the recent German attacks against American positions here were launched by "traveling circus troops" who are moving continually, carrying their own special "lightness" equipment and aviation service.

This type of enemy troops is believed to constitute a permanent mobile organization for testing the strength of the Allied lines, particularly those portions held by Americans.

It's Easy—If You Know Dr.  
 Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

### THE COUNTY EXCEEDS QUOTA

Speakers Still at it in Country Districts. Enthusiasm Shows no Sign of Abating

Saturday evening marks the close of the Third Liberty Loan campaign. For Crow Wing county and every one of its twelve districts it has been a work of love and devotion, of enthusiasm and of pride and the knowledge that the county is now about to exceed its own quota is a measure of satisfaction to every one who took one or more bonds.

And in this campaign the government thinks just as highly of the one bond man as it does of the wealthy man who took thousands. Each in a measure shows the spirit of sacrifice.

First payments are due before May fourth. The banks ask that payments be made promptly.

Talks and programs are still being given in the country districts. Tonight the South Long Lake school in District 68 has graduation exercises of the eighth grade class. This is known as the Steinfeld school and Miss Gray is the teacher. H. F. Michael will speak on War Savings Stamps and Mrs. Irma Camp Hatley, county superintendent of schools, will give a patriotic talk.

Attorney L. B. Kinder spoke Wednesday night at the school at Maple Grove. Dr. E. E. Long led the singing. Mrs. J. A. Thabes spoke on Red Cross work.

This evening the school near the seven mile corner on Oak street, of which Miss Huseby is teacher, has a patriotic program.

County Chairman Carl Zapffe was called to St. Paul and exact figures are not available as to the amount of bonds subscribed to date, but it is well over \$550,000.

W. H. Gemmell of Brainerd Leaves Federal Draft Board, Succeeded by C. I. McNair

### FORMER SERVED SINCE JULY

Pressure of Other Work Necessitated the Action on the Part of Mr. Gemmell

(Duluth News Tribune)

There was a change in the personnel of the federal draft board when it met at the court house following a ten days' adjournment. W. H. Gemmell of Brainerd having resigned from the membership on the fourth district of Minnesota exemption board, C. I. McNair of Cloquet was named his successor.

The change was announced at the meeting. Mr. Gemmell is general manager of the Minnesota & International Railway company of Brainerd and has served on the district board since its creation last July. On account of pressure of other work, he has been relieved from further service on the board at his request. McNair is vice president of the Northwest Paper company of Cloquet. He was present at the session.

## ROLL OF HONOR

George Trent, Sr., has returned from Maryland where he visited his son, Bob Trent, now in training at Camp Meade. The boy is in fine health and camp and state were enthused over the Liberty Loan drive. Mr. Trent came home in time to bid goodbye to another son, George Jr., who will leave with next month's quota of boys called to Columbus Barracks, Ohio.

Sergeant Melvin M. Hall, better known to Brainerd people as Melvin Hedstrom, returned this noon to Camp Pike, Ark., after spending a furlough with friends and relatives in Brainerd. He is with Co. D, 335th M. G. battalion. Art Hanson accompanied him as far as Little Falls.

## ALL ROADS TO WALKER JUNE 7-8

500 Automobiles From Different Minnesota Points to Make the Trip to N. M. D. A. Meet

### MINNESOTA SCENIC HIGHWAY

Fargo and Grand Forks, N. D., Coning—Program of Convention Now in Printers' Hands

All roads will lead to Walker on June 7th and 8th according to advice received by the secretary of the Northern Minnesota Development association here and everything points to there being at least five-hundred automobiles from different points in Minnesota, in the town Senator P. H. McGarry has made famous, on the days mentioned.

Advices from the St. Paul Association indicate that a party of at least fifty cars will come from that city over the Scenic Highway via Brainerd, on the morning of the second day of the convention. Minneapolis will send an equal number and the State Automobile Association will be represented by a large automobile party made up of a number of cars.

Secretary Lincoln, today had inquiry from North Dakota towns and has been assured that Fargo and Grand Forks will send automobile parties ranging from twenty-five to fifty cars each. Duluth is certain to send a large delegation and Brainerd, the headquarters of the association expects to be represented by at least one hundred autos.

The route lies over the Scenic Highway from this city and includes eighty miles of as fine road as there is in northern Minnesota. The Walker Automobile Association has as its motto, "There is no speed limit on Cass county roads" and it is likely that this motto will be recognized on the two days in June when the big convention comes off.

A boat ride on Leech lake on the steamer Northland with a fish dinner at noon on one of the beautiful islands in that sheet of water, is one of the big features planned by Senator McGarry and his associates at Walker.

The program, for the convention, is now in the hands of the printer and will be distributed early in May. Prospects seem bright for one of the largest gatherings of tourists and autoists ever held in this section of the state and Walker is making every preparation to entertain the visitors.

### BANNER CEREMONIES

Castle and State Officers Present at Brainerd Homestead of Yeomen

Those who attended the meeting Wednesday evening at which the state prize banner was officially presented to Brainerd Homestead 692, B. A. Y., were treated to an unusual proceeding and something quite out of the ordinary.

The hall and ante-rooms were filled to overflowing and the people manifested a deep interest in homestead matters and in the patriotic addresses during the evening.

Supreme Board Director J. H. Murphy, State Manager W. E. Hatley, District Managers Thos. Grose of Minneapolis and Ed H. Thiel of the Brainerd district, represented the Castle and the state for the Brotherhood.

The meeting was called to order by Foreman J. H. Warner, and State Manager W. E. Hatley invited to preside, which he did with tact and ability.

Frampton's orchestra played "America" and the entire audience stood and joined in singing the first verse of the same, and Hon. R. A. Beise, mayor of Brainerd, delivered the address of welcome, which was responded to by Mr. Thiel.

Then a "messenger" from the castle was announced and invited to enter with a message that proved to be the prize banner and from the ante-room then entered the degree team followed by state and supreme officers, and Mr. Thiel carrying the banner, the procession being led by two little girls in white, carrying U. S. flags. The procession marched around the hall, the orchestra played, and finally the procession stopped in front of the foreman's station, and J. H. Murphy, in an appropriate address of presentation delivered the banner to J. H. Warner, foreman of Brainerd Homestead 692, who received the same in an appropriate speech of acceptance for the homestead.

The orchestra rendered the Star Spangled Banner, the entire audience standing and singing the first verse, and the degree team took their seats. Short fraternal and patriotic addresses were delivered by J. H. Murphy, W. E. Hatley, Thos. Grose, Mr. Thiel, Mr. Smallfield, Mr. Woods and others, at the conclusion of which

the last verse of America was sung and meeting declared over.

Then followed dancing, Frampton's orchestra providing the music, and the crowd danced away the evening and fairly swarmed through the hall which was not half large enough for all the dancers.

The state prize banner, which is a fine silk embroidered emblem, is a representation typical of the Yeomen days of "Merry Old England" in A. D. 1215, when the bow and arrow was the weapon of offense and defense, and the Great Charter was obtained from the Crown by the common people, when John was king.

## GIRLS! YOU CAN LIFT THEM OFF

Doesn't hurt a bit to lift your sore, touchy corns right out

A noted Cincinnati authority discovered a new ether compound and called it freezone and a quarter ounce of it now can be had for a few cents at any drug store.

You simply apply a few drops of this magic freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with the fingers.

You feel no pain, not a particle of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it!

Women should keep it on their dressers and never let a corn ache twice.

## 183 AMERICANS CAPTURED

Believed to Be Prisoners in Hands of Germans.

Washington, April 26.—The number of Americans killed in the German attack of April 20 near Seicheprey was less than a dozen and the number injured was about 20. These figures, just made known, appeared to give support to the German claim that 183 Americans were captured, since it previously had been admitted that the American casualties were around 200. The German loss was placed at 500 men.

# ALLIED FORCES STANDING FIRM

British and Franco American Lines Before Amiens Withstand Foe's Assaults.

## HAIG REGAINS HIS LOSS

After Changing Hands Many Times Village of Hangard Is Taken By Germans—British Lose Villers-Bretonneux.

London, April 26.—In Flanders the Allies have suffered a reverse but in Picardy they snatched victory out of the jaws of defeat.

That sums up the results of the fiercest fighting the spring campaign has yet seen. Incidentally, tank met tank in the Somme battle. It was the first time the British monsters have clashed with their German imitations. Both sides ascribe successes to the land dreadnaughts.

Villers-Bretonneux, the village nine miles due east of Amiens is again in the possession of the British. Australians and English in a brilliant charge, recaptured the city and took 600 prisoners.

London, April 26.—American, French and British troops are now standing their ground firmly against desperate continuing assaults of the Teutons. Renewal of the drive in the great battle south of the Somme resulted in the lines yielding slightly at the first shock of the enemy assault.

On the ten-mile front south of the Somme where the intensive force of the blow has been concentrated the British have lost Villers-Bretonneux and the French the village of Hangard-en-Santerre. Already Field Marshal Haig's forces have begun to react strongly in the vicinity of the former place and they have regained ground around it, and considerably improved their general position.

### French Solidly in Way.

Hangard has once before been in German possession during the Somme battle and it changed hands twice in the present fighting before the French drew out of it and established themselves firmly on its western edge. The Germans have made repeated attempts to debouch from the place, but each time the French were solidly in the way.

### Decision Still in Doubt.

The fighting is continuing with the Germans desperately struggling to make considerable headway. They must, if they are to gain anything but relatively valueless local advantages. Thus the decision in the renewal of the battle is by no means yet with either side. The meagre gains of the enemy, however, after a pause long enough for him to bring up his heaviest artillery and when he must have been at the pinnacle of his strength, may well be compared with the sweeping successes of the beginning of the battle last month when he won miles of ground a day and captured tens of thousands of prisoners.

### Centering Blows on Kemmel.

Meanwhile the Germans have not abandoned even temporarily their efforts on the Flanders battle front. Apparently they are centering their blows on the sector dominated by Mount Kemmel, with the object of forcing the defenders from this bulwark.

Washington, April 26.—Representative Claude Kitchin of North Carolina, majority leader of the house, has announced that the administration would give support to legislation authorizing payment of income and excess profits taxes in installments after June 15, if the condition of the treasury about May 1 will warrant such a course. In the senate Senator Atlee Pomerene has a bill for monthly payments on income taxes to be spread over a six months period. The bill is pending before committee.

# CHARGES ARE DENIED

Gregory Cites 3,800 Convictions In War Prosecution.

Defense of Department of Justice Refers to Bental Case in Minneapolis.

Washington, April 26.—Attorney General J. W. Gregory and John L. O'Brien, his special assistant in charge of war prosecutions, have issued a denial of charges made by witnesses before the senate military committee that the department of justice has been inactive and impotent in prosecuting violations of the government's war measures.

Mr. O'Brien pointed to more than 3,800 convictions. He listed these prosecutions as follows:

**3,465 Slacker Convictions.**  
Violations of the draft law, 3,465 convictions and 181 acquittals; violations of the espionage act, 226 convictions, with average sentences of six years, 17 acquittals, 324 cases pending; threats against the president, 23 convictions and 2 acquittals. Under general conspiracy statute, 90 convictions and 11 acquittals; violations of other sections of the penal code, 138 convictions and 79 acquittals, with average sentence of 4 1/2 years.

Among specific cases cited by Mr. O'Brien were the conviction of J. O. Bental, socialist candidate for governor in Minnesota, and his sentence to five years at Fort Leavenworth; the trial of more than 100 I. W. W. members at Chicago, and the conviction of the Hindu conspirators in San Francisco. The indictment of Mrs. Rose Pastor Stokes at Kansas City and the trial of editors of the Masses at New York were mentioned.

### Charge Termed "Nonsense."

Attorney General Gregory made specific reply to charges made before the senate committee by Norman H. White, a \$1 a year employee of the military intelligence section.

White testified there were nearly 50,000 enemy aliens in New York who had declined to have their fingerprints taken and that nothing is being done. The attorney general branded this statement as "nonsense."
